

DISC GOLF

HOW TO PLAY

Objective: Your goal is to get your disc inside the basket. Complete each hole in the fewest throws possible. Each throw counts as one point. The player with the fewest points at the end of the course is a winner.

Tee Throw: Each hole begins with a tee throw. Your first throw is from behind the yellow tee marker.

The Lie: Mark the spot where your disc lands. Your next throw must be behind that spot. Repeat until the disc is in the basket.

Completion of Hole: A disc that comes to rest in the basket or chains, constitutes a successful completion of that hole. Do not move onto a new hole until that next hole is clear of players.

Throwing Order: When playing with friends, the player with the least number of throws on the previous hole tees off first. After teeing off, the player whose disc is farthest from the basket throws first.
